

WE ARE COMMITTED TO MAKING A POSITIVE IMPACT

We are committed to achieving safe, sustainable, and socially conscious business operations. **Here's how we do it.**

OUR COMMUNITY IMPACT

- We support local initiatives and encourage our employees to do the same
- Check out our BBQ at the next community fundraiser!
- We are genuine parts of the communities in which we operate

OUR ENVIRONMENTAL IMPACT

- We are committed to regulatory compliance, waste control, energy efficiency, and renewable energy
- We have implemented an environmental management system
- Our head office and main warehouse are powered by solar energy

OUR SOCIAL IMPACT

- RRSP matching, a health and wellness program, profit sharing, and a leading benefits package are provided to our amazing team members
- We foster workforce diversity
- Our mining division is indigenous owned

SMALL TOWN VALUES, BIG SASKATCHEWAN DREAMS.

We're growing and need people like you to build the future. Electrical and Instrumentation is what we do, people are why we do it.

The team at Impact takes a collaborative approach to each project to ensure client satisfaction at all stages. We are known by our partners for being highly professional, responsive, and trusted with extensive experience and **proudly serve the following sectors.**

- Mining & Industrial
- Oil & Gas
- Commercial
- Ag & Agri-Food
- Water & Wastewater
- Renewable Energy

ROLES WITH IMPACT ENERGY

Impact is always looking for great people at all levels to join our team with opportunities based in Saskatoon, Rosetown, and Kindersley, as well as remote work on project sites in camps and communities.

Some of the roles we hire for include:

- Journeyperson Electricians & Instrumentation Technicians
- Estimators
- Foremen
- Project Administrators
- Superintendents
- Accounting Support
- Site Safety
- Apprenticeship Opportunities
- Quality Assurance & Control

APPRENTICESHIP PROGRAMS

PREPARING GRADUATES FOR AN INTENSIVE CAREER-TRACK POSITION

Our apprenticeship program provides well rounded, hands-on training that prepares graduates to enter into an intensive career-track position in the electrical field with Impact. No experience is necessary - all you need is a good attitude and a strong work ethic!

Program at a glance:

- Impact takes 15 and 25 apprentices per year. As long as you're already a team player with ambitions to learn and grow within the industry, you're qualified.
- Learn all aspects of the trade from experienced journeymen and management by rotating through various sectors including commercial, oil & gas, mining, and agriculture.
- Over the course of the program, you will attend 2 months of school training every year. You will then spend the remaining 10 months working in the trade, while earning raises as you progress through the program.
